Submitted to:
Ma'am Ayesha Ikram

Date: September 1st, 2025

Task 1 – 4

```
student@student-virtual-machine:~$ mkdir books
student@student-virtual-machine:~$ cd books
student@student-virtual-machine:~/books$ mkdir math
student@student-virtual-machine:~/books$ mkdir physics
student@student-virtual-machine:~/books$ mkdir computer
student@student-virtual-machine:~/books$ cd math
student@student-virtual-machine:~/books/math$ mkdir trigonometry
student@student-virtual-machine:~/books/math$ mkdir calculus
student@student-virtual-machine:~/books/math$ cd books
student@student-virtual-machine:~/books/math$ cd ..
student@student-virtual-machine:~/books$ cd physics
student@student-virtual-machine:~/books/physics$ mkdir quantum
student@student-virtual-machine:~/books/physics$ mkdir classical
student@student-virtual-machine:~/books/physics$ mkdir nuclear
student@student-virtual-machine:~/books/physics$ cd ..
student@student-virtual-machine:~/books$ ls
computer  math  physics
student@student-virtual-machine:~/books$ cd physics
student@student-virtual-machine:~/books/physics$ ls
classical  nuclear  quantum
student@student-virtual-machine:~/books/physics$ cd ..
student@student-virtual-machine:~/books$ mkdir chemistry
student@student-virtual-machine:~/books$ cd chemistry
student@student-virtual-machine:~/books/chemistry$ cd
student@student-virtual-machine:~$ cd chemistry
student@student-virtual-machine:~$ cd books/chemistry
student@student-virtual-machine:~/books/chemistry$ cd
student@student-virtual-machine:~$ cd books/physics/classical
student@student-virtual-machine:~/books/physics/classical$ mkdir /home/student/books/computer/graphics
student@student-virtual-machine:~/books/physics/classical$ cd
student@student-virtual-machine:~$ cd books
student@student-virtual-machine:~/books$ rmdir physics/quantum
student@student-virtual-machine:~/books$ cd physics
student@student-virtual-machine:~/books/physics$ ls
classical  nuclear
student@student-virtual-machine:~/books/physics$ cd ..
student@student-virtual-machine:~/books$ cd computer
student@student-virtual-machine:~/books/computer$ rmdir /home/student/books/math/calculus
student@student-virtual-machine:~/books/computer$ cd ..
student@student-virtual-machine:~/books$ cd math
student@student-virtual-machine:~/books/math$ ls
trigonometry
```

Q: What do you think books/chemistry is, a relative or absolute path?

books/chemistry is a relative path because it doesn't start from the root /. It's relative to your current location (the home directory).

An absolute path would look like: /home/username/books/chemistry

Q: Which are the Linux Directory Commands? Explain the understanding of commands in your own words.

Command	Meaning	Purpose
pwd	Print Working Directory	Shows the path of where you are
ls	List	Displays files & folders inside a directory
cd	Change Directory	Move to another folder
cd ~	Home directory shortcut	Quickly go to your home directory
cd ..	Parent directory	Go one step back/up
cd -	Previous directory	Jump to the last directory you were in
mkdir	Make Directory	Create a new folder
rmdir	Remove Directory	Delete an empty folder
rm -r	Remove (recursive)	Delete folder which has sub directories
